

STORY 14. PROJECT SORT

As a user

I want to see a sorted overview of all the projects
so it is easier to find a certain project in the overview list

WIREFRAMES:

ACCEPTANCE CRITERIA:

- From the home page, I should be able to navigate to the project overview page
- In the project overview, a line is shown for each existing project
- The sort button makes you able to sort the given overview on multiple values
- After choosing a value to sort with, the overview page is shown again in a sorted order
